- This is a Judged class not timed. This class is designed to show the horse's and rider's ability to navigate and cope with the various situations and obstacles encountered in everyday ranch work. It is designed to show a horse's ability to perform these obstacles and follow rider's direction with a willing attitude. The horse is judged on cleanness and promptness with which the obstacles are negotiated, ability to negotiate obstacles correctly, and attitude and mannerisms exhibited by the horse while negotiating the course.
- We have kept this class very simple for our Keiki and may change patterns and slowly increase the degree of difficulty in future rodeos. Future patterns may include but not limited to, opening and closing a gate, roping a stationary dummy, picking up a raincoat, side passing over a log, backing through an obstacle, walking over a bridge, trotting over poles and dismounting.
